

Instructions for making your very own *Travel Map of TONAWANDA New York!*

1) print both sides - do not shrink to fit printer; 2) trim 5/8 inch off of the right side - map side up; 3) fold paper in half along center line (above

4) fold accordion style working from the outside edges towards the center to form a total of six pages. Use the blue borders of the map as guides for folding.

this is what your book should look like after folded - front views and back views

5) fold over so that the travel map cover is on the front side of the finished folded map. If desired, crease folds with the back of a spoon to flatten.

Enjoy your travels!
